## TOOK TAPS OFF BUGGY WHEELS

Robert B. Hardin Used That Means  
to Keep His Wife From Visiting  
a Physician.

### THAT WAS HER TESTIMONY

One of Hardest Fought Divorce  
Suits Ever Tried in Local Court  
Was Heard Today.

The divorce suit of Mrs. Jeanette Hardin against Robert Basil Hardin occupied the attention of Judge Sparks today in the circuit court. The case was one of the hardest fought divorce suits tried here in several years and at a late hour this afternoon was still in progress. The entire day was taken up with the divorce case.

Mrs. Hardin alleges cruel and inhuman treatment and failure to provide in the complaint for divorce. In a cross-complaint he alleges cruel treatment and asks for the divorce. In the cross-complaint—sensational charges are made against Mrs. Margaret Glendenning, mother of Mrs. Hardin. Mrs. Glendenning, it is charged, is largely responsible for their troubles. He alleges among other things that during the first six months of their married life Mrs. Glendenning insisted that they all three occupy the same bed.

In testifying as to cruel treatment, Mrs. Hardin this afternoon stated that at one time she wanted to go to the physicians and that he refused to let her and in order to keep her at home took the taps off the wheels of the buggy. The defense was to start late this afternoon. Among the other witnesses who testified were Elmer Hutchinson, Henry Beckner, Carroll Leisure, Dr. John E. Sipe, William and Russell Glendenning and Mrs. Ed Louden.

Both parties to the divorce suit are well known, especially in Posey township, where they reside. All witnesses were excluded from the court room. Mrs. Margaret Glendenning, mother of the plaintiff, was an important witness for the plaintiff. Mrs. Glendenning brought the divorce suit, as the next best friend of Mrs. Jeanette Hardin, because her daughter is not of age.

Mrs. Glendenning testified that when Basil Hardin and her daughter were first married they lived with her. She stated that he frequently had sulky spells and would go as long as a day at a time without speaking to her or any of the family. She related an instance in which Hardin tore his wife's dress in a scuffle over a pipe, and told of one occurrence in which her daughter was struck by Hardin.

The mother-in-law of Hardin testified that her daughter was not strong physically, either before or after her marriage, and she told the court that she had told Hardin of this fact before the marriage. A large part of Mrs. Glendenning's testimony was on the family relations of the two young people and was of such a character as to be unprintable. Several witnesses testified as to the value of certain property owned by Hardin. The alimony demanded is \$1,000 and the fight for this was one of the principal features of the case. Witnesses stated that Hardin owned thirty acres of corn and some live stock was also listed.

The plaintiff was represented by Kiplinger and Smith and Elmer Bassett, John Tittsworth and T. M. Green appeared for Hardin. The court room was crowded most of the time during the trial.

of Health to Talk at Disease  
Prevention Day Exercises.

### SCHOOL CHILDREN'S PARADE

Otto F. Bradley, connected with state board of health of Wisconsin will speak at the Disease Prevention Day exercises at the Graham Annex auditorium Friday evening, at seven-thirty o'clock, it was announced today. The news was just received today that Mr. Bradley could be present and those in charge were glad that they were able to get a man of such importance in health work. ### WILL NOT PROVOKE DISPUTE

(By United Press.)  
Washington, Sept. 30.—The American ambassador at Petrograd today cabled the state department that the American sailingship Vincent struck a mine September 27 off cape Orloff and was completely destroyed. The crew was saved but the captain and three men were injured.

## MUST SHOW THEY MAY HOLD OFFICE ACCEPTED LAW TWO MORE YEARS

Employers Required to File Information With Industrial Board  
by October 1.

### 30 DAYS TIME UP TOMORROW

Farmers, Otherwise Excepted by Act, Must Report All Accidents to Industrial Board.

Few employers who have accepted the terms of the workmen's compensation law of the state of Indiana are aware of the fact that law provides that within thirty days after the act takes effect they shall file with the Indiana industrial board in a form prescribed by it, and thereafter annually or as often as may be necessary, evidence of his compliance with the provisions of the section calling for the insurance of employees under the act.

The act became effective September 1. Today was the thirtieth day of September, meaning that today was the last day for filing such information. And here is what the law says employers will be fined if they do not heed this provision:

"If such employers refuses, or neglects to comply with these provisions he shall be punished by a fine of ten cents for each employee at the time of the insurance becoming due, but not less than one dollar or more than fifty dollars for each day of such refusal or neglect and until the time ceases, and he shall be liable during the continuance of such refusal or neglect to an employee either for compensation under this act or at law in the same manner as provided for in section ten."

Attention has also been called by the insurance department of the Farmers Trust company that the compensation act does not apply to casual laborers, to farm or agricultural laborers and to domestic servants, not to employers of such persons, unless they voluntarily elect to be bound by the act as specified, with the exception that every em-

Officials of Carthage and Glenwood, Only Incorporated Towns in County, Have a Problem

### DEFECT IN STATUTES SEEN

No Provision For Holding Elections in Such Towns Because it Was Omitted in Amending

Officials of Carthage and Glenwood, the only incorporated towns in Rush county, may get to serve in their respective offices until the next Indiana legislature meets in 1917, because of a defect in the law, in the opinion of the Indiana attorney general, Richard M. Milburn. Indianapolis dispatches say many inquiries have been received by the attorney general relative to the provisions of the Indiana statutes that bear on the question of the time of the elections for officers of incorporated towns.

Investigation has uncovered an apparent mistake in an amendment to an act of 1909, made by the 1911 legislature, the attorney-general's office said. It is probable that officers of such towns now in office, can remain in office legally until the legislature remedies the mistake.

The validity of the election, by which the offices in these towns were filled in 1913 is questionable, attaches of the attorney-general's office say, and the financial accounts of such towns may be affected.

Queries from Danville, Sheridan, Plainfield, Mooresville and many other towns were received on the question, which arose first at Hillsboro, Ind. The amendment act of 1909, which, in turn, was an amendment to an act of 1905, is deficient in that it does not specify any time for holding elections of town officials says the attorney-general. In the attempt to remedy a typographical error in the amendment of 1909, a part of a section was left out of the original act, thereby eliminating any reference in the law to the time for

## MILROY MAN AT THE WHEEL

W. D. Smith Driving Machine That Killed John Herbert.

John Herbert, 37 years old, of Greenfield, Ind., died today at the Indianapolis City Hospital as a result of injuries sustained Monday when he rode his bicycle into an automobile driven by Wilbur D. Smith of Milroy. The accident occurred at Stop 6 on the Greenfield traction line. Smith is employed by Al Maudlin, a lumber buyer of near Milroy. Herbert's right shoulder was broken and he was injured internally. The police investigated and found that Smith was in no way to blame.

## PROPOSITION TO BE MADE TO MARKS

Free Attractions Committee Will Know Definitely About Festival and Horse Show in Few Days.

### PARADE COMMITTEE IS NEXT

The free attraction committee of the fall festival and horse show met last night and definitely decided to make Henry B. Marks a proposition instead of taking the one which he made to W. S. Oneal when Mr. Oneal visited Marks at Kokomo. It is believed the proposition of the committee for free attractions at the fall event will be accepted by Marks. What the free attractions will consist of will not be announced by the committee until the contract is drawn.

The committee on the industrial parade will meet at Havens & Riggs' office over Mulno's clothing store Friday evening at seven-thirty o'clock. Walter Easley, chairman of the committee, has already called on a number of business men and they have readily consented to participate in the parade. Details regarding the parade will be arranged at the committee meeting Friday night.

The committee is composed of Walter Easley, Frank Reynolds, Guy Abercrombie, Sam Innis, John Wallace, R. A. Innis and Joe Clark.

## FRENCH SHOWS ADMITTED AT BERLIN

Allies Smashed Way Through Valiantly Defended German Entrenchments to Vimy Heights.

### HILL NO. 191 LATEST TAKEN

(By United Press.)  
London, Sept. 30.—Smashing their way through valiantly defended German entrenchments, the French are making steady progress toward their two main objectives in the allies great offensive.

The Berlin official statement this afternoon admits that the French have made progress toward the Vimy heights, capturing two small trench sectors. The French war statement contains no mention of this gain admitted by the enemy but declares all German attacks in this region have been repulsed.

Berlin officially admit that French troops have captured Hill No. 191 in their drive toward their all important railway junction. That the fighting in the whole Champagne region has been the most furious in the last 24 hours is indicated by the Berlin statement. Hand-to-hand combats are being waged on a front extending as far east as Challerange-St. Menchouille railway.

## COLLECTED \$200 FROM SALOONS

Bookkeeper of Board of Works, Bell Appointee, Testifies he Gave The Money to the Mayor.

### ELECTION TRIAL GOES ON

Former City Smoke Inspector Under Bell Gives Same Sort of Evidence—Attorneys Quarrel.

(By United Press.)  
Indianapolis, Ind., Sept. 30.—John Conner, former city smoke inspector, under Mayor Jos. E. Bell testified in Bell's trial today on election corruption conspiracy charges, that he collected from sixty to seventy dollars from saloon keepers in the fourteenth ward and laid the money on Mayor Bell's desk.

Hendricks Kentworthy, bookkeeper for the board of public works, composed of men appointed by Mayor Bell, testified that he collected \$200 from saloon keepers. He said he tried to give the money to J. Joseph, treasurer of the Democratic organization, but that when he couldn't find Joseph, he gave the money to Mayor Bell.

Kentworthy was then dismissed by Rucker but later he was recalled by Deputy Roach. He admitted under Rucker's questioning that he had given money to Bell probably two or three times. He admitted also he kept a card system on which were the names of the contributors, the amount contributed and the "balance." It was not explained what he meant by "balance."

Witnesses, most of them saloon keepers, previously have testified that they were told by collectors that these cards were turned over to the police chief. Others testified that no specific amount was asked for.

Special Judge Eichhorn today called a halt on the bitter personalities between attorneys which have featured the Bell trial.

Prosecutor Rucker was examining James Mann. He asked whether Mann did not see a "gang of slugs" around registration polls of the fifth of the fifth.

Attorney Ryan for Bell muttered something and Deputy Prosecutor Roach addressed the court.

"The attorney has referred to a 'gang of crooks' about the table of the prosecution," said Roach.

Ryan and Attorney Miller of defense counsel directed remarks at Roach and to the court and Ryan then explained that he had said it was as fair to refer to the attorneys at the prosecutor's table as a "gang of crooks" as to refer to the men at the polls as slugs.

"Gentlemen, it is time to stop this crimination and recrimination," said the court. "It must stop at once." Although Judge Eichhorn exhibited his characteristic smile, his firmness was evident.

(By United Press.)  
Washington, Sept. 30.—The Marine Band—Uncle Sam's crack musical organization—began its vacation today and folks who live down by the Marine Barracks will do without the music of reveille for breakfast for a few weeks. The band, which was formerly led by John Philip Sousa, the "march king," was expected to take a vacation ten days ago, but the Grand Army Encampment forced a postponement of the date.

Chicago, Sept. 30.—Taps was sounded for Chicago's night police court today. After an existence of nine months, the court was ordered abolished by Chief Justice Olson of the Municipal Court.

"It's no good. The only ones benefiting by it are policemen who arrested women and drunks who would spend the night in jail anyhow," said Olson. "Petty arrests increased and the operation of the court was a useless burden to the city."

### Further Disclosures

Right out of a clear sky has come the rumble of thunder and the sharp flashes of newspaper lightening, as the New York World discloses, with documentary evidence, "the efforts of the British Government to regulate and control trade between the United States and the rest of the world." The same newspaper that attacked the Austrian Ambassador and forced the Administration to demand his recall, and that was unrelenting in its pursuit of the so-called German propaganda, now charges that "the British Government has succeeded in dictating to Americans engaged in various forms of industry the terms under which they are permitted to do business with the rest of the world, and that it resorted to boycott and blacklist to enforce its demands." The revelations are voluminous and startling.

Time was, not more than a few weeks ago, when the writer of these letters was almost alone in noting and condemning the illegal interference of Great Britain with American industry and trade. The time is when America is awakening to the real meaning of the situation. Possibly this awakening will prevent the coming of the time for the British influence in this country to convene the Congress to propose the repeal of the Declaration of Independence.

Four hundred and sixty miles of experimental postroads of varying types of construction are now being built through the cooperation of the Federal Government. It may be interesting to note the selection of localities for this use of national funds. Nearly 300 miles of these roads are in the Southern States. The South which stands at the tail of the procession in front of the tax-gatherer's window is at the head of the line before the pay-master's wicket.

# At last—a Hot-Air Heating System that everyone can afford!

HERE it is at last—the thing that everyone has been looking for. A heating system that works as thoroughly and satisfactorily as the best small hot-air furnace, yet costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

Thousands of people everywhere have already installed it—all over the country people are proclaiming it "The Heating Marvel of the Age."

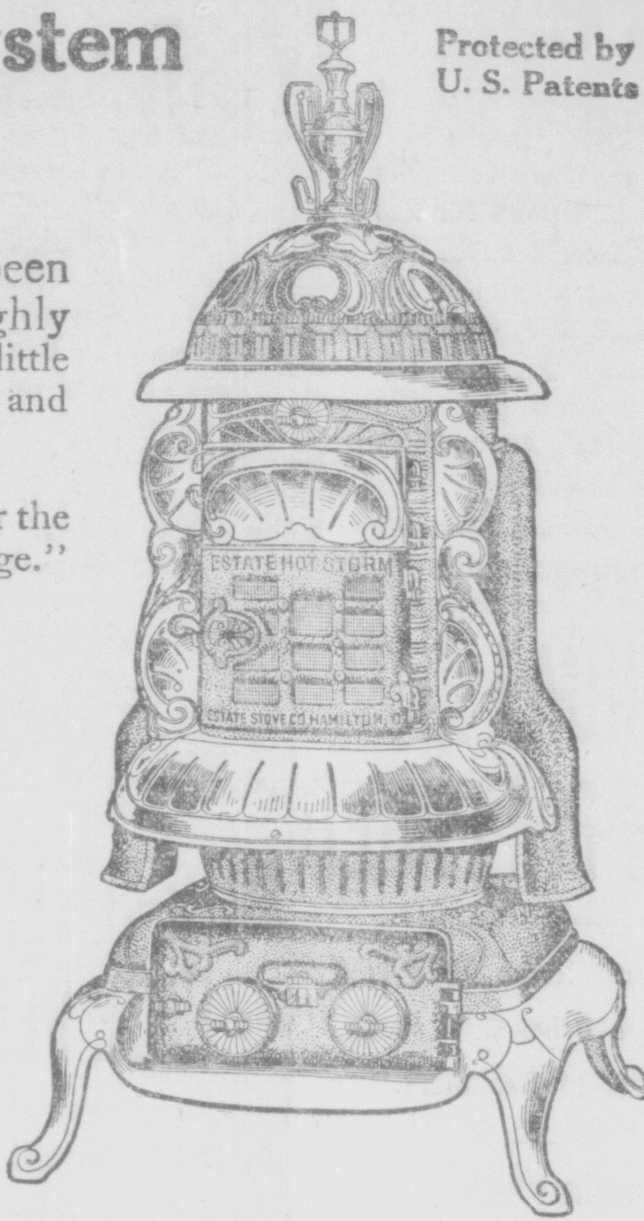

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and discharged—not through the flue and chimney, but through the top of the hot-air chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple wire connection.

## Estate Hot Storm

—the Stove with a "Little Furnace" in it—is two heating systems in one—not a stove, not a furnace, but a combination of the best features of both. It sets in the room like a stove, its exterior looks like a stove but there the similarity ends. For its interior is utterly different from any stove you have ever seen—inside it is built like a hot-air furnace.

We want every prospective heating stove purchaser in this locality to inspect the Estate Hot Storm at our store—to give us an opportunity to explain it—before buying a stove of any kind. You owe it to yourself to do this—and to do it soon.

## Gunn Haydon

Rushville, Indiana.

Don't fail to attend the demonstration of the Estate Hot Storm to be given at our store by an expert from the factory on Friday and Saturday, October 15th and 16th

Knights of Pythias Flirt With Pen-  
nant by Defeating Elks 5 to  
2—Was Real Game.

### CONTEST WENT NINE INNINGS

Battle Between Tompkins and Orme  
and Was Decided in Eighth—  
Orme Struck Out Thirteen.

The Knights of Pythias strengthened their hold on the pennant in the Fraternal league by defeating the Elks yesterday afternoon by a 5 to 2 score. The game was the best yet played in the Fraternal league and was full of sensational plays. The only regrettable thing is that the crowd was not larger for the kind of baseball as played yesterday is deserving of better support.

The game was a pitchers' battle between Peck Orme for the Elks and Nick Tompkins for the Knights. Both pitchers did effective work and after the first inning, when both teams scored two runs, settled down and pitched fine ball. The game went the entire nine innings. The two teams were tied at the end of the seventh inning with the score two all. Under the rules of the league in a case of this kind the game must go the entire route.

Both teams played good ball in the field and the pitchers kept the paths free from base runners a large part of the time. The old veteran Tompkins finally got the best of Orme, who weakened in the eighth and the K. of P.'s scored three runs. The work of the two pitchers stands out prominently as a feature of the game. Orme struck out thirteen batters. In the first two innings he struck out six men. Tompkins gave up but five hits. Other features of the game were catches by McDaniel, Todd and Brann.

The two teams battled on even

terms for seven innings. In the seventh inning the crowd was given a real thrill as they watched Tompkins work out of a bad hole in which he was placed mainly through his own making. In this inning Nick started out by hitting both Osborne and Green. With Osborne on second and Green on first and with no one out it looked pretty dark for the Knights. Innis grounds to Tompkins and forced Osborne at third, Tompkins to Brown. Oneal lifted a long fly to Todd in left field. This relieved the tension, but when Green and Innis advanced a base on a passed ball, a single would have meant two runs. Peck Orme lifted a high fly to Eddie Carter and the chances of the Elks went glimmering, because Tompkins was master of the situation from this time on.

The Elks started out to make short work of the league leaders, by scoring twice in the opening inning. Oneal was out to Todd. Orme singled. Lawrence singled, Orme taking third on the play. Woods fouled out to Fisher. Hawk singled, scoring Orme. Brann singled scoring Lawrence and Pearsey struck out. Four dinkey singles did the business.

The Knights of Pythias were not to be outdone and immediately proceeded to tie up the score. Carter led off with a single, and stole second. Camp struck out. Tompkins singled, scoring Carter. McDaniel struck out. Conde beat out a hit to Pearsey and Tompkins scored on the play. Brown struck out.

From this time on the teams did real battle. The Elks went out in order in the second. Green was out, Tompkins to Conde. Innis flew out to Brown. Oneal went out by the same route. In the Knights' half of the second Orme had things easy striking out Todd, McGuire and Fisher in order.

In the third Tompkins issued a base on balls between outs but it did no damage. Orme grounds out, Tompkins to Conde. Lawrence drew a pass. Woods flew to McDaniel and Hawk went out by the same route. The third inning for the K. of P.'s was as equally as easy for Orme. Carter was out, Hawk to Woods and Camp went out the same way. Tompkins was passed but the chances went glimmering when McDaniel struck out.

Tompkins was stingy in the fourth. Brann and Pearsey struck out and Green was out, Brown to Conde. For the Knights in the last of the fourth Conde lead off with a single, but died on first base. Brown and Todd struck out and McGuire grounded to Orme.

Tompkins struck out two Elks in the fifth and a single by Orme did not do any damage. Innis and Oneal struck out in order. Then Orme singled through second base. Lawrence spoiled things by flying to Carter. The Knights went out in order in their half of the fifth. Fisher flew to Orme. Carter flew to Hawk and Camp struck out.

Tompkins again let the Elks down in order in the sixth. Woods was safe when Brown's throw drew Conde off the bag. Woods stole second. Hawk fouled one to Conde and Woods attempted to take third base after the catch. He was caught by a mile, Conde to Brown. Brann was out, Tompkins to Conde. The Knights opened their half with a single by Tompkins. McDaniel flew to Oneal. Conde grounded to Woods and Tompkins advanced to second. Brown struck out.

In the seventh Tompkins worked out of the worst hole of the game and probably saved the game for the Knights. The Elks never had a chance after this. In the eighth Orme seemed to weaken. Carter drew a base on balls, and stole second. Camp was there in a pinch and singled to center field, Carter scoring. Tompkins singled. McDaniel singled, scoring both Camp and Tompkins. The three runs were made without any outs. Conde grounded to Hawk, who touched McDaniel and threw Conde out at first. The double came too late as the damage had resulted.

## FANS CAN EXPECT REAL BALL GAME

Benny's All-Pros With Al Leake  
Pitching Should Furnish Strong  
Opposition For Rushers.

### WILL BE THE LAST HOME GAME

With Ed Sanford pitching for Rushville and Al Leake in the box for Jack Benny's All-Pros. Sunday the fans should be given a good exhibition of the national pastime. These two pitchers are favorites with the fans here as a result a large crowd of the faithful is expected to see the game.

The contest will mark the closing of the season here as far as the Rushers are concerned. Manager Davidson will use his regular lineup and the team is expected to have some difficulty in beating Benny's crew. Benny himself is a coacher of the Hugh Jennings type and this alone is usually worth the price. The game will be called at 2:30 o'clock.

## BASKETBALL FANS IN HIGH SPIRITS

High School Stock Raising With Addition of Pope, Star Forward at Pendleton Last Year.

### OLD STARS BACK IN FOLD

Basketball stock is rising at the Rushville high school. Coach Burns has the nucleus of a good team right now and the local fans see for Rushville a winning five this season. The chief cause of the excellent prospects is the addition of Pope, star forward of the Pendleton, Ind., high school basketball team last season. Pope has removed to this city and entered the Rushville high school.

Then there are Stoops, Frazier and Martin, all members of last year's squad, who may be depended upon to make a good showing. Stoops was one of the best forwards the high school ever had and Martin likewise outshone any center who ever wore the red and black. Stoops quit school last year after the basketball season but this year is back and will be in the game. Brecheisen, who graduated last June, is also back taking a post-graduate course. He played a good guard last year.

## VICE-PRESIDENT AT BARBECUE

Speaks at Second District Event

Urging That Peace be Kept With Honor

SAYS HE IS NOT A MILITARIST

Would Like to Have a Citizen Soldier and Wants to See Country Observe Neutrality

(By United Press.)

Washington, Ind., Sept. 30.—Vice President Marshall, speaking at the Second District Democratic barbecue here today pleaded for a "Nation-wide determination to preserve neutrality and back up the president," and urged peace "so long as we can have peace with honor."

Many state officials were among those present today. There were also present large delegations from every county in the district. Sen. Kern acted as master of ceremonies and congratulated Washington for having an opportunity to hear the vice president. He explained that this was the first and last barbecue Marshall will be able to attend this year.

The vice president dwelt at length on peace with honor:—

"Awful as war is, there are things that are worse." He said. "If I had a son, I would rather have him die serving our flag than have him become a social pariah. I urge resolute determination on the part of our people to preserve our neutrality and uphold the arms of the President of the United States.

"We talk of the United States as a melting pot. I want it to be a real melting pot. I want the foreigner who goes into it to be melted into a real American. I would have him taken out and sent where he belongs.

"It is our duty to keep our hands out of European politics and ourselves out of war. To those who want to fight I say that the recruiting offices of London, Paris and Berlin are open. But I am for preparedness and for all reasonable expenditures to make us prepared.

"I am not a militarist but I would like to have a citizen soldiery; by that I mean a citizenship whose first choice is the flag of the United States and which knows which end of a gun to put to the shoulder.

"Two things I want. First, peace, so long as we can have peace with honor; secondly, a nation-wide determination to preserve neutrality and to back up the president.

"Preparedness does not mean militarism. I'll do a burglar a good turn if I can, but I lock my doors in Indianapolis every night. I don't want intruders entering my house while I am asleep, and similarly, I want the government to take adequate steps toward its preservation."

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its roots, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentinel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentinel tablets, which may be procured from any druggist—as a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unslightly eruptions, pimples, boils, blotches, sallowness or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such a price that no one need now be deprived of its wonderful benefits.

"Sentinel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentinel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

## Great Demand for New Constipation Remedy

They say that the advent of the "sentinel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentinel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and pleasantly that the course preferred on this account to the violently acting purgatives. Their inextinguishable popularity is another reason for the popularity of sentinel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver and their many evil consequences, has finally been found.—Druggists Review.

Congressman Finly Gray Arouses Wide Protest in Wayne by Change in Rural Service.

### CONSOLIDATION OF ROUTES

Motorizing and Reduction in Number is Contended to be Pretext to Put in Democrats

Greatly agitated over the uproar coming from the postoffice department order reducing the number of rural mail routes in Wayne county from twenty-six to thirteen, and providing a way to turn over the carriers' jobs to Democrats, Representative Finly Gray believes it is imperative for him to make a few explanations to his constituents in Wayne county says the Richmond Palladium.

Yesterday Mr. Gray conferred with Postmaster Beck, of Richmond, at Cambridge City, and today it was announced that Gray would deliver an address before the Boosters' club of Milton on the rural route situation.

Mr. Gray will deliver an address on the same subject at Economy, and perhaps in other towns of the county.

Milton people and residents of the rural districts served by the Milton postoffice, have protested against the removal of the rural routes out of Milton. Mr. Gray, it is understood, is prepared to promise the members of the Milton Boosters' club that he will endeavor to have both Milton routes maintained and, if this is impossible, to arrange to have at least one route of that town.

It also is probable that he will deny the charge that he was the instigator of the postoffice department order, a report generally accepted without questioning, because of Mr. Gray's antipathy to the civil service system.

In recent months charges have been made throughout the district, in one case by a Democratic newspaper, that Mr. Gray has been putting forth a determined effort to "clean out" the Republican postal employees in the district, so their positions could be turned over as political spoils to Democratic party workers. Mr. Gray can carry out this plan in Wayne county under the recent postal order.

organizations of the church are in fine shape. It is believed that if the Rev. Mr. Ryan is returned here, there will be many additions to the church both here and at Orange, where he also preaches.

The attorney-general's office is informing all questioners that as it regards the law, there is no provision for holding elections in such towns, until the legislature remedies the mistake. ## IS BANNER YEAR AT I. U.

Enrollment of State University 1623 For Fall Semester.

This is a banner year for Indiana University. Enrollment figures compiled by the University Secretary, John W. Cravens, indicate a total enrollment for the fall semester of 1,623 with probably a few more students yet to register. These figures show an increase of 154 over the number enrolled at a corresponding period in 1914. The class of students entering the University for the first time is unusually large, 630 new students having enrolled. These figures do not include 110 students who are registered in the Indiana University school of Medicine at Indianapolis. Owing to this heavy enrollment, it has been necessary to make additions to the instructional force and to create several new classes.

## TOOK TAPS OFF BUGGY WHEELS

Robert B. Hardin Used That Means  
to Keep His Wife From Visiting  
a Physician.

THAT WAS HER TESTIMONY

One of Hardest Fought Divorce  
Suits Ever Tried in Local Court  
Was Heard Today.

The divorce suit of Mrs. Jeanette Hardin against Robert Basil Hardin occupied the attention of Judge Sparks today in the circuit court. The case was one of the hardest fought divorce suits tried here in several years and at a late hour this afternoon was still in progress. The entire day was taken up with the divorce case.

Mrs. Hardin alleges cruel and inhuman treatment and failure to provide in the complaint for divorce. In a cross-complaint he alleges cruel treatment and asks for the divorce. In the cross-complaint - sensational charges are made against Mrs. Margaret Glendenning, mother of Mrs. Hardin. Mrs. Glendenning, it is charged, is largely responsible for their troubles. He alleges among other things that during the first six months of their married life Mrs. Glendenning insisted that they all three occupy the same bed.

In testifying as to cruel treatment, Mrs. Hardin this afternoon stated that at one time she wanted to go to the physicians and that he refused to let her and in order to keep her at home took the taps off the wheels of the buggy. The defense was to start late this afternoon. Among the other witnesses who testified were Elmer Hutchinson, Henry Beckner, Carroll Leisure, Dr. John E. Sipe, William and Russell Glendenning and Mrs. Ed Louden.

Both parties to the divorce suit are well known, especially in Posey township, where they reside. All witnesses were excluded from the court room. Mrs. Margaret Glendenning, mother of the plaintiff, was an important witness for the plaintiff Mrs. Glendenning brought the divorce suit, as the next best friend of Mrs. Jeanette Hardin, because her daughter is not of age.

Mrs. Glendenning testified that when Basil Hardin and her daughter were first married they lived with her. She stated that he frequently had sulky spells and would go as long as a day at a time without speaking to her or any of the family. She related an instance in which Hardin tore his wife's dress in a scuffle over a pipe, and told of one occurrence in which her daughter was struck by Hardin.

The mother-in-law of Hardin testified that her daughter was not strong physically, either before or after her marriage, and she told the court that she had told Hardin of this fact before the marriage. A large part of Mrs. Glendenning's testimony was on the family relations of the two young people and was of such a character as to be unprintable. Several witnesses testified as to the value of certain property owned by Hardin. The alimony demanded is \$1,000 and the fight for this was one of the principal features of the case. Witnesses stated that Hardin owned thirty acres of corn and some live stock was also listed.

The plaintiff was represented by Kiplinger and Smith and Elmer Bassett, John Tinsworth and T. M. Green appeared for Hardin. The court room was crowded most of the time during the trial.

## MUST SHOW THEY MAY HOLD OFFICE ACCEPTED LAW TWO MORE YEARS

Employers Required to File Information With Industrial Board  
by October 1.

30 DAYS TIME UP TOMORROW

Farmers, Otherwise Excepted by Act, Must Report All Accidents to Industrial Board.

Few employers who have accepted the terms of the workmen's compensation law of the state of Indiana are aware of the fact that law provides that within thirty days after the act takes effect they shall file with the Indiana industrial board in a form prescribed by it, and thereafter annually or as often as may be necessary, evidence of his compliance with the provisions of the section calling for the insurance of employees under the act.

The act became effective September 1. Today was the thirtieth day of September, meaning that today was the last day for filing such information. And here is what the law says employers will be fined if they do not heed this provision:

"If such employers refuses, or neglects to comply with these provisions he shall be punished by a fine of ten cents for each employe at the time of the insurance becoming due, but not less than one dollar or more than fifty dollars for each day of such refusal or neglect and until the time ceases, and he shall be liable during the continuance of such refusal or neglect to an employe either for compensation under this act or at law in the same manner as provided for in section ten."

Attention has also been called by the insurance department of the Farmers Trust company that the compensation act does not apply to casual laborers, to farm or agricultural laborers and to domestic servants, not to employers of such persons, unless they voluntarily elect to be bound by the act as specified, with the exception that every employer of such persons shall be liable for compensation under this act.

Officials of Carthage and Glenwood, Only Incorporated Towns in County, Have a Problem

DEFECT IN STATUTES SEEN

No Provision For Holding Elections in Such Towns Because it Was Omitted in Amending

Officials of Carthage and Glenwood, the only incorporated towns in Rush county, may get to serve in their respective offices until the next Indiana legislature meets in 1917, because of a defect in the law, in the opinion of the Indiana attorney general, Richard M. Milburn. Indianapolis dispatches say many inquiries have been received by the attorney general relative to the provisions of the Indiana statutes that bear on the question of the time of the elections for officers of incorporated towns.

Investigation has uncovered an apparent mistake in an amendment to an act of 1909, made by the 1911 legislature, the attorney-general's office said. It is probable that officers of such towns now in office, can remain in office legally until the legislature remedies the mistake.

The validity of the election, by which the offices in these towns were filled in 1913 is questionable, attorneys of the attorney-general's office say, and the financial accounts of such towns may be affected.

Queries from Danville, Sheridan, Plainfield, Mooresville and many other towns were received on the question, which arose first at Hillsboro, Ind. The amendment act of 1909, which, in turn, was an amendment to an act of 1905, is deficient in that it does not specify any time for holding elections of town officials says the attorney-general. In the attempt to remedy a typographical error in the amendment of 1909, a part of a section was left out of the original act, thereby eliminating any reference in the law to the time for

## FRENCH SHOWS ADMITTED AT BERLIN

Allies Smashed Way Through Valiantly Defended German Entrenchments to Vimy Heights.

HILL NO. 191 LATEST TAKEN

(By United Press.)  
London, Sept. 30.—Smashing their way through valiantly defended German entrenchments, the French are making steady progress toward their two main objectives in the allies great offensive.

The Berlin official statement this afternoon admits that the French have made progress toward the Vimy heights, capturing two small trench sectors. The French war statement contains no mention of this gain admitted by the enemy but declares all German attacks in this region have been repulsed.

Berlin officially admit that French troops have captured Hill No. 191 in their drive toward their all important railway junction. That the fighting in the whole Champagne region has been the most furious in the last 24 hours is indicated by the Berlin statement. Hand-to-hand combats are being waged on a front extending as far east as Challerange-St. Menchouille railway.

## COLLECTED \$200 FROM SALOONS

Bookkeeper of Board of Works, Bell  
Appointee, Testifies he Gave  
The Money to the Mayor.

ELECTION TRIAL GOES ON

Former City Smoke Inspector Under  
Bell Gives Same Sort of Evidence—Attorneys Quarrel.

(By United Press.)  
Indianapolis, Ind., Sept. 30.—John Conner, former city smoke inspector, under Mayor Jos. E. Bell testified in Bell's trial today on election corruption conspiracy charges, that he collected from sixty to seventy dollars from saloon keepers in the fourteenth ward and laid the money on Mayor Bell's desk.

Hendricks Kentworthy, bookkeeper for the board of public works, composed of men appointed by Mayor Bell, testified that he collected \$200 from saloon keepers. He said he tried to give the money to J. Joseph, treasurer of the Democratic organization, but that when he couldn't find Joseph, he gave the money to Mayor Bell.

Kentworthy was then dismissed by Rucker but later he was recalled by Deputy Roach. He admitted under Rucker's questioning that he had given money to Bell probably two or three times. He admitted also he kept a card system on which were the names of the contributors, the amount contributed and the "balance." It was not explained what he meant by "balance."

Witnesses, most of them saloon keepers, previously have testified that they were told by collectors that these cards were turned over to the police chief. Others testified that no specific amount was asked for.

Special Judge Eichhorn today called a halt on the bitter personalities between attorneys which have featured the Bell trial.

Prosecutor Rucker was examining James Mann. He asked whether Mann did not see a "gang of slugs" around registration polls of the fifth of the fifth.

Attorney Ryan for Bell muttered something and Deputy Prosecutor Roach addressed the court.

"The attorney has referred to a 'gang of crooks' about the table of the prosecution," said Roach.

Ryan and Attorney Miller of defense counsel directed remarks at Roach and to the court and Ryan then explained that he had said it was as fair to refer to the attorneys at the prosecutor's table as a "gang of crooks" as to refer to the men at the polls as slugs.

"Gentlemen, it is time to stop this crimination and recrimination," said the court. "It must stop at once." Although Judge Eichhorn exhibited his characteristic smile, his firmness was evident.

## Duroc-Jersey Swine Sale

The undersigned will sell at Public Auction at his farm, one-half mile east of Falmouth, Indiana, on

Wednesday, October 6th, 1915

61 Head of Pure Bred Duroc Jersey Swine

ALL IMMUNE AND GUARANTEED CHOLERA PROOF

I am putting up the best lot I have ever had, both as to breeding and individuality. Thirty Fall yearling gilts, 16 February and March boars, 12 to 15 Spring gilts—about 61 head in all. All have had the double serum treatment for prevention of cholera. I fully guarantee them to be immune from that disease. I will make anyone a present of any one of them he finds with a bad back or broken down pasterns. They have not been stuffed; are in just moderate flesh. In shape to go on and do you good. All of this offering are sired by Col. Jackson II 31331. He is bred the same as Defender, the twice champion at International Stock show. Their sires were full brothers, and their dams both sired by Orion Chief. The dams are by Long Chief 35981, full brother to Cherry King, Fancy Col. and Orion Col. M. Anyone at all acquainted with the breed knows that they were among the very highest, tip-top show and breeding boars of the breed. Come and see them and buy a good yearling sow that the stamina has not been fed out of.

### ABOLISHES NIGHT COURT

Said to be no Good And is Done Away With in Chicago

(By United Press.) Chicago, Sept. 30.—Taps was sounded for Chicago's night police court today. After an existence of nine months, the court was ordered abolished by Chief Justice Olson of the Municipal Court.

"It's no good. The only ones benefitting by it are policemen who arrested women and drunks who would spend the night in jail anyhow," said Olson. "Petty arrests increased and the operation of the court was a useless burden to the city."

## Further Disclosures

Right out of a clear sky has come the rumble of thunder and the sharp flashes of newspaper lightning, as the New York World discloses, with documentary evidence, "the efforts of the British Government to regulate and control trade between the United States and the rest of the world." The same newspaper that attacked the Austrian Ambassador and forced the Administration to demand his recall, and that was unrelenting in its pursuit of the so-called German propaganda, now charges that "the British Government has succeeded in dictating to Americans engaged in various forms of industry the terms under which they are permitted to do business with the rest of the world, and that it resorted to boycott and blacklist to enforce its demands." The revelations are voluminous and startling.

Time was, not more than a few weeks ago, when the writer of these letters was almost alone in noting and condemning the illegal interference of Great Britain with American industry and trade. The time is when America is awakening to the real meaning of the situation. Possibly this awakening will prevent the coming of the time for the British influence in this country to convene the Congress to propose the repeal of the Declaration of Independence.

Four hundred and sixty miles of experimental postroads of varying types of construction are now being built through the cooperation of the Federal Government. It may be interesting to note the selection of localities for this use of national funds. Nearly 300 miles of these roads are in the Southern States. The South which stands at the tail of the procession in front of the tax-gatherer's window is at the head of the line before the pay-master's wicket.

If the Kaiser keeps on doling out iron crosses the recipients will soon be so loaded down with junk they may have to discard their fighting equipment.

In the old world a gentleman is one who is born of the upper crust, whether he be saint, sinner or snob. In this country a gentleman is a decent man.

If the girls at the fashionable bathing beaches continue modernizing their costumes there will soon be nothing left but the fig leaf.

If First Chief Carranza is anything like many of the Mexican generals, the title of "first thief" would be more appropriate.

## At last—a Hot-Air Heating System that everyone can afford!

HERE it is at last—the thing that everyone has been looking for. A heating system that works as thoroughly and satisfactorily as the best small hot-air furnace, yet costs very little more than any ordinary heating stove to buy, no more to install, and much less to operate.

Thousands of people everywhere have already installed it—all over the country people are proclaiming it "The Heating Marvel of the Age."

The diagram shows how it works

Fresh air (just as with a furnace) is drawn in at the sides, heated evenly to several hundred degrees temperature, and discharged—not through the flue and chimney, but through the top of the hot-air chamber into the room. This creates a thorough circulation of hot air that will successfully heat several rooms. Even the upstairs rooms can be heated by the aid of a simple time connection.

## Estate Hot Storm

—the Stove with a "Little Furnace" in it

is two heating systems in one—not a stove, not a furnace, but a combination of the best features of both. It sets in the room like a stove, its exterior looks like a stove but there the similarity ends. For its interior is utterly different from any stove you have ever seen—inside it is built like a hot-air furnace.

We want every prospective heating stove purchaser in this locality to inspect the Estate Hot Storm at our store—to give us an opportunity to explain it—before buying a stove of any kind. You owe it to yourself to do this—and to do it soon.

Struck out—by Orme, 13; by Tompkins, 7. Base on balls—off Tompkins, 2; off Orme, 2. Hit by pitcher—by Tompkins, Osborne and Green. Stolen bases—Carter (2), Woods, Hank, Brann. Left on base—Elks, 4. K. of P., 5. Double play—Hank to Woods. Passed ball—Fisher. Time, 2 hours. Umpire, Yazel.

Tompkins was stingy in the fourth. Brann and Pearsey struck out and Green was out. Brown to Conde. For the Knights in the last of the fourth Conde lead off with a single, but died on first base. Brown and Todd struck out and McGuire grounded to Orme.

Tompkins struck out two Elks in the fifth and a single by Orme did not do any damage. Innis and Orne struck out in order. Then Orne singled through second base. Lawrence spoiled things by flying to Carter. The Knights went out in order in their half of the fifth. Fisher flew to Orme. Carter flew to Hank and Camp struck out.

Tompkins again let the Elks down in order in the sixth. Woods was safe when Brown's throw drew Conde off the bag. Woods stole second. Hank fouled one to Conde and Woods attempted to take third base after the catch. He was caught by a mile, Conde to Brown. Brann was out, Tompkins to Conde. The Knights opened their half with a single by Tompkins. McDaniel flew to Oneal. Conde grounded to Woods and Tompkins advanced to second. Brown struck out.

In the seventh Tompkins worked out of the worst hole of the game and probably saved the game for the Knights. The Elks never had a chance after this. In the eighth Orme seemed to weaken. Carter drew a base on balls, and stole second. Camp was there in a pinch and singled to center field, Carter scoring. Tompkins singled. McDaniel singled, scoring both Camp and Tompkins. The three runs were made without any outs. Conde grounded to Hank, who touched McDaniel and threw Conde out at first. The double came too late as the damage had resulted.

Bob White Comes From Behind and Wins Pace at Lima, Ohio.

After finishing ninth in the first heat and second in the second heat, Bob White, owned by Judge John D. Megee, came back at Lima, Ohio, yesterday and won the 2:27 pace in straight heats. The showing of the horse was considered remarkable. After the first heat the horse was not figured as having a chance to win the race. Fred Dagler drove Bob White. The purse for \$400 and the best time was 2:15 1/2.

## ANOTHER LEAGUE GAME

Red Men And Knights of Pythias Will Play Friday Afternoon

The Red Men and the Knights of Pythias will play the next to the last game in the fraternal league at Edgewater park Friday afternoon at three o'clock. It will be the last appearance for the Red Men. The closing game will be played Friday by the Knights of Pythias and Elks, who played off a postponed game Wednesday. The Red Men won the first game they played and have not been on top in any game since, but they are hoping to finish the season the way they started it.

## FANS CAN EXPECT REAL BALL GAME

Benny's All-Pros With At Least Pitching Should Furnish Strong Opposition For Rushers.

## WILL BE THE LAST HOME GAME

With Ed Sanford pitching for Rushville and Al Leake in the box for Jack Benny's All-Pros. Sunday the fans should be given a good exhibition of the national pastime. These two pitchers are favorites with the fans here as a result of a large crowd of the faithful is expected to see the game.

The contest will mark the closing of the season here as far as the Rushers are concerned. Manager Davidson will use his regular lineup and the team is expected to have some difficulty in beating Benny's crew. Benny himself is a couger of the Hugh Jennings type and this alone is usually worth the price. The game will be called at 2:30 o'clock.

## BASKETBALL FANS IN HIGH SPIRITS

High School Stock Raising With Addition of Pope, Star Forward at Pendleton Last Year.

## OLD STARS BACK IN FOLD

Basketball stock is rising at the Rushville High school. Coach Burns has the nucleus of a good team right now and the local fans see for Rushville a winning five this season. The chief cause of the excellent prospects is the addition of Pope, star forward of the Pendleton, Ind., high school basketball team last season. Pope has removed to this city and entered the Rushville high school.

Then there are Stoops, Frazier and Martin, all members of last year's squad, who may be depended upon to make a good showing. Stoops was one of the best forwards the high school ever had and Martin likewise outshone any center who ever wore the red and black. Stoops quit school last year after the basketball season but this year is back and will be in the game. Brecheisen, who graduated last June, is also back taking a post-graduate course. He played a good guard last year.

terms for seven innings. In the seventh inning the crowd was given a real thrill as they watched Tompkins work out of a bad hole in which he was placed mainly through his own making. In this inning Nick started out by hitting both Osborne and Green. With Osborne on second and Green on first and with no one out it looked pretty dark for the Knights. Innis grounds to Tompkins and forced Osborne at third, Tompkins to Brown. Oneal lifted a long fly to Todd in left field. This relieved the tension, but when Green and Innis advanced a base on a passed ball, a single would have meant two runs. Peek Orme lifted a high fly to Eddie Carter and the chances of the Elks went glimmering, because Tompkins was master of the situation from this time on.

The Elks started out to make short work of the league leaders, by scoring twice in the opening inning. Oneal was out to Todd. Orme singled. Lawrence singled, Orme taking third on the play. Woods fouled out to Fisher. Hank singled, scoring Orme. Brann singled scoring Lawrence and Pearsey struck out. Four dinky singles did the business.

The Knights of Pythias were not to be outdone and immediately proceeded to tie up the score. Carter led off with a single, and stole second. Camp struck out. Tompkins singled, scoring Carter. McDaniel struck out. Conde beat out a hit to Pearsey and Tompkins scored on the play. Brown struck out.

From this time on the teams did real battle. The Elks went out in order in the second. Green was out, Tompkins to Conde. Innis flew out to Brown. Oneal went out by the same route. In the Knights' half of the second Orme had things easy striking out Todd, McGuire and Fisher in order.

In the third Tompkins issued a base on balls between outs but it did no damage. Orme grounded out. Tompkins to Conde. Lawrence drew a pass. Woods flew to McDaniel and Hank went out by the same route. The third inning for the K. of P.'s was as equally as easy for Orme. Carter was out. Hank to Woods and Camp went out the same way. Tompkins was passed but the chances went glimmering when McDaniel struck out.

## TIGHTEN HOLD ON FIRST PLACE

Knights of Pythias Flirt With Pennant by Defeating Elks 5 to 2—Was Real Game.

## CONTEST WENT NINE INNINGS

Battle Between Tompkins and Orme and Was Decided in Eighth—Orme Struck Out Thirteen.

The Knights of Pythias strengthened their hold on the pennant in the Fraternal league by defeating the Elks yesterday afternoon by a 5 to 2 score. The game was the best yet played in the Fraternal league and was full of sensational plays. The only regrettable thing is that the crowd was not larger for the kind of baseball as played yesterday is deserving of better support.

The game was a pitchers' battle between Peek Orme for the Elks and Nick Tompkins for the Knights. Both pitchers did effective work and after the first inning, when both teams scored two runs, settled down and pitched fine ball. The game went the entire nine innings. The two teams were tied at the end of the seventh inning with the score two all. Under the rules of the league in a case of this kind the game must go the entire route.

Both teams played good ball in the field and the pitchers kept the paths free from base runners a large part of the time. The old veteran Tompkins finally got the best of Orme, who weakened in the eighth and the K. of P.'s scored three runs. The work of the two pitchers stands out prominently as a feature of the game. Orme struck out thirteen batters. In the first two innings he struck out six men. Tompkins gave up but five hits. Other features of the game were catches by McDaniel, Todd and Brann.

The two teams battled on even

## VICE-PRESIDENT AT BARBEQUE

Speaks at Second District Event Urging That Peace be Kept With Honor

SAYS HE IS NOT A MILITARIST

Would Like to Have a Citizen Soldier and Wants to See Country Observe Neutrality

(By United Press.)

Washington, Ind., Sept. 30.—Vice President Marshall, speaking at the Second District Democratic barbecue here today pleaded for a "Nation-wide determination to preserve neutrality and back up the president," and urged peace "so long as we can have peace with honor."

Many state officials were among those present today. There were also present large delegations from every county in the district. Sen. Kern acted as master of ceremonies and congratulated Washington for having an opportunity to hear the vice president. He explained that this was the first and last barbecue Marshall will be able to attend this year.

The vice president dwelt at length on peace with honor—

"Awful as war is, there are things that are worse." He said. "If I had a son, I would rather have him die serving our flag than have him become a social pariah. I urge resolute determination on the part of our people to preserve our neutrality and uphold the arms of the President of the United States.

"We talk of the United States as a melting pot. I want it to be a real melting pot. I want the foreigner who goes into it to be melted into a real American. I would have him taken out and sent where he belongs.

"It is our duty to keep our hands out of European politics and ourselves out of war. To those who want to fight I say that the recruiting offices of London, Paris and Berlin are open. But I am for preparedness and for all reasonable expenditures to make us prepared.

"I am not a militarist but I would like to have a citizen soldiery; by that I mean a citizenship whose first choice is the flag of the United States and which knows which end of a gun to put to the shoulder.

"Two things I want. First, peace, so long as we can have peace with honor; secondly, a nation-wide determination to preserve neutrality and to back up the president.

"Preparedness does not mean militarism. I'll do a burglar a good turn if I can, but I lock my doors in Indianapolis every night. I don't want intruders entering my house while I am asleep, and similarly, I want the government to take adequate steps toward its preservation."

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)  
 "The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these, regular, poisonous waste products remain in the system, polluting the blood and poisoning the various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.  
 But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called vegetable calomel because of its cathartic effect. Although of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'santal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)  
 Unslightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel and a polluted blood stream as consequences. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.  
 "Santal tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize the difference. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Santal tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

## Great Demand for New Constipation Remedy

They say that the advent of the "santal tablet" as a reliable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a bit particular with those who have been misled by impostors, who were quick to recognize its advantages over calomel and the usual laxatives.  
 Santal tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "harsh" action of the intestinal tract by inducing the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently that they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of these tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

Congressman Finly Gray Arouses Wide Protest in Wayne by Change in Rural Service.

**CONSOLIDATION OF ROUTES**

Motorizing and Reduction in Number is Contended to be Pretext to Put in Democrats

Greatly agitated over the uproar coming from the postoffice department order reducing the number of rural mail routes in Wayne county from twenty-six to thirteen, and providing a way to turn over the carriers' jobs to Democrats, Representative Finly Gray believes it is imperative for him to make a few explanations to his constituents in Wayne county says the Richmond Palladium.

Yesterday Mr. Gray conferred with Postmaster Beck, of Richmond, at Cambridge City, and today it was announced that Gray would deliver an address before the Boosters' club of Milton on the rural route situation.

Mr. Gray will deliver an address on the same subject at Economy, and perhaps in other towns of the county.

Milton people and residents of the rural districts served by the Milton postoffice, have protested against the removal of the rural routes out of Milton. Mr. Gray, it is understood, is prepared to promise the members of the Milton Boosters' club that he will endeavor to have both Milton routes maintained and, if this is impossible, to arrange to have at least one route of that town.

If also is probable that he will deny the charge that he was the instigator of the postoffice department order, a report generally accepted without questioning, because of Mr. Gray's antipathy to the civil service system.

In recent months charges have been made throughout the district, in one case by a Democratic newspaper, that Mr. Gray has been putting forth a determined effort to "clean out" the Republican postal employees in the district, so their positions could be turned over as political spoils to Democratic party workers. Mr. Gray can carry out this plan in Wayne county under the recent postal order.

organizations of the church are in fine shape. It is believed that if the Rev. Mr. Ryan is returned here, there will be many additions to the church both here and at Orange, where he also preaches.

Many Glenwood people attended the concert by the World's Famous Williams Colored Singers at Rushville Tuesday night, but they did not get home until about 1:30 a. m.

holding elections in such towns.

The attorney-general's office is informing all questioners that as it regards the law, there is no provision for holding elections in such towns, until the legislature remedies the mistake. The attorney-general, however, is not seeking officially to interpret the law. The matter probably finally must be decided by courts, or by legislative action.

## IS BANNER YEAR AT I. U.

Enrollment of State University 1623  
For Fall Semester.

This is a banner year for Indiana University. Enrollment figures compiled by the University Secretary, John W. Cravens, indicate a total enrollment for the fall semester of 1,623 with probably a few more students yet to register. These figures show an increase of 154 over the number enrolled at a corresponding period in 1914. The class of students entering the University for the first time is unusually large, 630 new students having enrolled. These figures do not include 110 students who are registered in the Indiana University school of Medicine at Indianapolis. Owing to this heavy enrollment, it has been necessary to make additions to the instructional force and to create several new classes.
